

EMAIL PAYMENT OPTION

Flat Rabbit Software™

If you are paying for your order by

then **FRS** will be glad to take your payment by electronic mail. Once you have completed the DOS text file [register.frm](#) with the appropriate information you may Email it to any of the electronic mail addresses listed below (depending on your On-Line service):

INTERNET: If your On-Line service has access to InterNet (which many do) then mail your completed [register.frm](#) to bansandy@aol.com.

AOL: For America On Line send your completed [register.frm](#) to [Bansandy](#).

COMPUSERVE: For CompuServe send your completed [register.frm](#) to [73164,2650](#).

DELPHI: For Delphi send your completed [register.frm](#) to [JHOBKIT](#).

GENIE: For Genie send your completed [register.frm](#) to [R.Bailey5](#).

Receipt of payment will be acknowledged to your return Email address. Delivery of your updated program and options will be through conventional mail.

If your On-Line service is not in the above list (or you do not wish to use

Email for payment) then please use conventional mail to the address on the registration form. Check out '[Registration->Print Registration Form](#)' to print out a mailable form.

The DOS text file [register.frm](#) may be filled out using the Window's NotePad program or any other ASCII text editing program. For many cases (such as AOL) the [register.frm](#) program maybe directly loaded into the mail feature, filled out, and mailed.

This option is intended to be a convenience for you. If things do not seem to work for you as stated above, or these instructions complicate registration for you in any fashion, please use the normal registration technique. See [Registration->Print Registration Form](#) to use conventional mail for registration.

Thank you for your interest in this program.
