We hope you enjoy playing **Hierophant**. We would also like to suggest that you visit our **Family Games Web Center** to sample its various amusements and entertainments, and to check out our shareware games, which include:

### **Santa's Secret Valley**

A **light-hearted graphical adventure** with a Christmas theme. Can you rescue Santa's magic items? Entertaining puzzles, a Christmas trivia quiz, delightful music and artwork make SSV a treat for just about anyone. Ideal for kids and grown-ups to work on together!

### **Uncle Julius and the Anywhere Machine**

Another **non-violent graphical adventure** for all ages. This one takes you into the wild world of that noted scientist and adventurer, Uncle Julius. Uncle Julius has invited you to visit, but you arrive to find that he has vanished, leaving an enigmatic note as your only clue. You'll have to attempt a rescue, but there are one or two complications. For starters, he's in another dimension...

### **Twisted Tails**

Old-time fairy tales are given a **hilarious new twist** by inserting random words, phrases and names into the traditional story framework. Fun for the whole family; great language work-out for younger players. Illustrated! Animated! Educational fun! Exercise your creativity, or just sit back and laugh! For children *and* adults.
