Purpose of the game:

Montana deals the entire deck on the table 13 in each row and 4 rows. Then the Aces are automatically removed leaving gaps. The object is to place all the cards in order from Two to King, following suit in each row. When you have no more plays all the cards will be automatically collected. the Aces added back, shuffled and redealt. You have 2 redeals. See the Rules for playing the cards.

Rules:

You may move any card from one place to another if it matches suit and is one higher in number of the card to the left. If the card to the left of an empty stack is a King, no cards may be placed to its right. Only Twos may be placed in the leftmost stacks. A Two of any suit may be placed in any empty leftmost stack. If you have no more moves, Montana automatically redeals. Two redeals are allowed and then the game is over.
