Business 3

Due to the tremendous success of our Business series discs, we have added another -Business 3. This disc contains new executives - hard-charging, approachable, concerned, always on top of the situation. In addition, we have added subjects of contemporary interest like the Euro, the EU, the coming millennium, along with the Internet, and an emphasis on international business. With just the right mix of people, backgrounds and concepts, we think you'll find this business disc another winner.
