

Macromedia Showcase CD-ROM

Read Me

Welcome to the Macromedia Multimedia Showcase CD

OVERVIEW:

Macromedia's Multimedia Showcase CD-ROM provides an interactive road map to the products and services offered by Macromedia. The Multimedia Showcase gives you detailed explanations of the Macromedia tools that power your ideas. Preview valuable information on Macromedia's product line; testimonials and example files from leading multimedia developers; fully functional working models that let you try out our software; and guided product demonstration files that take you step-by-step through Macromedia's most popular applications including Authorware Professional, Director, FreeHand, MacroModel, Fontographer, SoundEdit 16, Action! and ClipMedia.

PRODUCT DATASHEETS and CONNECTIONS CATALOG:

On the Multimedia Showcase CD-ROM, you'll find product datasheets that detail key product features and benefits, file format usage and system configurations regarding our products. Macromedia Connections features software and hardware that complement our products and support services that enable you to make the most of our tools.

RECOMMENDED SYSTEM CONFIGURATION:

Windows

It is advisable to have a MPC 486/25SX or faster, 8mb RAM, Windows 3.1 or higher, 640x480 256 color display, and a double Speed CD-ROM drive.

To install the Macromedia Multimedia Showcase:

- 1) Insert the Showcase CD-ROM.
- 2) Open the File Manager and choose the disk drive that contains the Showcase CD-ROM.
- 3) Choose Run from the File menu.
- 4) In the Command Line field, type SETUP.EXE after the disk drive name and click OK.
- 5) Follow the instructions on screen

TO READ the DATASHEET AND CONNECTIONS .PDF FILES:

- 1.) Double click on the icon titled "ACROBAT 2.0 READER INSTALLER."
- 2.) Follow the on screen instructions for installing.
- 3.) To view the datasheets and Connections, execute the newly installed Acrobat Reader and open the .pdf files.
