# **TommySoftware® Tek Illustrator Shareware Version 3.16**

Release date of this version: May 1995

# **Vendor Information**

This file provides information for Shareware Distributors, Disk Vendors and Computer Clubs who wish to distribute the TommySoftware® Tek Illustrator package.

# Description of the TommySoftware® Tek Illustrator

Tek Illustrator v3.16 <ASP> [Win31] Technical illustration, drafting, graphics. Powerful, fast and easy to use. Full set of drawing and construction tools, hatchings, dimensioning, symbol management, BMP trace display and export, TrueType and PostScript fonts, WMF import and export, DXF filters, extensive help system and MORE! Shareware made by TommySoftware. Registration US\$129

# **Distribution Requirements**

Individuals who wish to distribute the TommySoftware® Tek Illustrator shareware package to friends or associates may do so as long as all files remain intact and no fees are charged.

Computer Clubs and User Groups wishing to add the TommySoftware® Tek Illustrator shareware package to their disk library may do so in accordance with the Distribution Restrictions listed below.

(If you would like your Computer Club or User Group to be placed on our mailing list for future upgrades to any of our products, please contact your country's TommySoftware® partner. For the address of the TommySoftware® partners, see the end of this text.)

#### **Limited Distribution License**

As the exclusive copyright holder for the TommySoftware® Tek Illustrator, the local TommySoftware® partner authorizes distribution only in accordance with the following restrictions.

ASP Approved Vendors in good standing are hereby given permission to distribute the shareware edition of the TommySoftware® Tek Illustrator by means of catalog, or BBS. Any other form of commercial distribution by anyone requires prior permission.

Non-ASP member vendors must request permission prior to distributing this package.

The TommySoftware® Tek Illustrator package is defined as containing all the material listed in the PACKING.WRI text file. If any files listed in the PACKING.WRI text file, or the PACKING.WRI file itself, are missing, then the package is not complete and distribution is forbidden. Please contact us to obtain a complete package suitable for distribution.

The TommySoftware® Tek Illustrator package - including all related program files and documentation files - *cannot* be modified in any way and must be distributed as a complete package, without exception. The PACKING.WRI text file contains a list of all files that are part of the TommySoftware® Tek Illustrator package.

(Small additions to the package, such as the introductory or installation batch files used by many shareware disk vendors, are acceptable as long as the final installation of the TommySoftware® Tek Illustrator is still performed by means of the original program INSTALL.EXE.)

No price or other compensation may be charged for the TommySoftware® Tek Illustrator package. A distribution fee may be charged for the cost of the diskette, shipping and handling, as long as the total (per disk) does not exceed US\$ 10.00 in the U.S. and Canada, or US\$ 12.00 internationally.

## **Special Limitation to License for Electronic Distributors**

It is a condition precedent to the Limited Distribution License, relating to the "®TommySoftware Tek Illustrstor" (the "Software") granted to any Bulletin Board System ("BBS") or other distributor via electronic media ("Electronic Distributor"), that an Electronic Distributor may charge any person who downloads the Software from such Electronic Distributor, the lowest hourly fee available for connection time, and in no event more than \$8.00 per hour. It is strictly forbidden for any Electronic Distributor to charge any customer any additinal fees for downloading the Software, including, but not limited to, any handling, transmission or downloading fees.

The Electronic Distributor acknowledges that violation of this limitation will cause TommySoftware extensive damgages, including but not limited to, discouraging users of the Software from paying the required shareware fee to TommySoftware for continued use of the Software; that it will be difficult if not impossible to accurately calculate the actual amount of such damages; and that in an effort to liquidate such damages, and not as a penalty, each Electronic Distributor which distributes the Software agrees that in the event of violation of this provision, to the extent of enforcement of this Agreement in a jurisdiction where enforecable, the Electronic Distributor agrees to pay TommySoftware the greater of (i) twenty times the amount Electronic Distributor charges to a single user in violation of this paragraph or (ii) the amount of the license fee which TommySoftware requests for each copy of the Software multiplied by the total number of copies of the Software downloaded (less the number of downloads which pay such license fee).

Additionally, each entity which distributes the Software in violation of this paragraph agrees to be liable for TommySoftware's expenses to enforce this provision, including reasonable license fees. By permitting the upload of the Software and distributing the Software, the Electronic Distributor agrees that that: (i) this agreement supercedes of previous contracts between Electronic Distributor and TommySoftware, North America, Inc. or TommySoftware Germany or Thomas Maier; (ii) all such previous contracts shall be deemed amended so as to be governed by this pararaph; and (iii) this Agreement will be governed by the laws of the State of New York.

### **Disk Sets & CD-ROMs**

The TommySoftware® Tek Illustrator package *cannot* be sold as part of some other inclusive package. Nor can it be included in any commercial software packaging offer, without a written agreement from the local TommySoftware® partner and TommySoftware®. This includes any sales in a retail environment.

Vendors (non-ASP Vendor Members) who wish to distribute the TommySoftware® Tek Illustrator shareware package as part of a collection (such as a multi-program set, or a CD-ROM package) must obtain permission from the local TommySoftware® partner or TommySoftware® prior to beginning such a distribution. For distribution of the registered version, vendors must obtain permission directly from TommySoftware®.

If you wish to add any of our programs to a CD-ROM or other collection, please check the release date of the version you have. If the version is over twelve (12) months old then please contact us to ensure that you have the most current version. The release date of this version is stated at the top of this text...

# Disk-of-the-Month (or Subscription) Distribution

If you would like to distribute the TommySoftware® Tek Illustrator shareware package as a Disk-of-the-Month, or as part of a subscription or monthly service, then the following restrictions apply:

- ASP Associate (Disk Vendor) Members in good standing are hereby given permission to distribute the current TommySoftware® Tek Illustrator package under the Disk-of-the-Month style of distribution.
- Others (non-ASP Members) must contact the local TommySoftware® partner in advance to ensure that you have the most current version of the software.
- You cannot use a Disk-of-the-Month distribution to use up your inventory of old (out of date) disks. Only current versions may be shipped as Disk-of-the-Month disks.

The *printed* material may not be reproduced in whole or in part, using any means, without the written permission of TommySoftware®. In other words, the disk-based documentation may not be distributed in *printed* (hardcopy) form.

The TommySoftware® Tek Illustrator package cannot be "rented" or "leased" to others.

You may not list any of our products in advertisements, catalogs, or other literature which describes our products as "Free Software". Shareware is "Try-Before-You-Buy" software, it is not free.

TommySoftware® prohibits the distribution of outdated versions of the TommySoftware® Tek Illustrator package by anyone, without written permission from TommySoftware®. If the version you have is over twelve (12) months old, please contact us to ensure that you have the most current version. The release date of this version is stated at the top of this text.

Licensee shall not use, copy, rent, lease, sell, modify, decompile, disassemble, otherwise reverse engineer, or transfer the licensed program except as provided in this agreement. Any such unauthorized use shall result in immediate and automatic termination of this license.

(U.S. Government Information: Use, duplication, or disclosure by the U.S. Government of the computer software and documentation in this package shall be subject to the restricted rights applicable to commercial computer software as set forth in subdivision (b)(3)(ii) of the Rights in Technical Data and Computer Software clause at 252.227-7013 (DFARS 52.227-7013). The Contractor/manufacturer is TommySoftware North America Inc., 130 Barrow Street, New York, NY 10014.)

All rights not expressly granted here are reserved to TommySoftware®.

# Notice for Preparing TommySoftware® Tek Illustrator Files for Distribution

If you distribute TommySoftware® Tek Illustrator on 1.44 MB (3.5 inch) diskette, please do simply copy each master disk onto a separate disk.

If you upload to a bulletin board, please archive all files of each diskette into one archive by means of PKZIP 2.0. The resulting archive of the first diskette should be titled TK31E1.ZIP, the archive of the second disk TK31E2.ZIP and so on. We appreciate you helping us distribute our programs!

It is not possible to distribute the TommySoftware® Tek Illustrator package on diskettes that have a lower capacity than the master disks. If required, diskette sets for 720 KB and 1.2 MB diskette can be ordered at an extra fee.

# Please Help Us Serve You Better

We would appreciate copies of anything you print regarding the TommySoftware® Tek Illustrator. Please send us a copy of any review, article, catalog description, or other information you print or distribute regarding the TommySoftware® Tek Illustrator package. Thank you for your time and assistance and for supporting the shareware marketing concept.

Thank you for your support!
