

# TRIVIA PUZZLE GAME INFORMATION

## Free Version - Regular Trivia

### SYSTEM INFORMATION

- Need Microsoft Windows Version 3.11 or greater. (Tested on 3.11 and 95)
- Need DOS 6.2 or higher.
- It is suggested that you have 8MB of memory or greater. (Not tested with 4MB)
- 800 X 600 (or higher) Screen Resolution.
- Puzzles are best displayed on a 256 color monitor.

### PROGRAM'S PURPOSE

The object of the game is to put a puzzle together and correctly guess its title. With each correct answer to a multiple choice trivia question, you are given the opportunity to move a puzzle piece onto a puzzle board. Each time you place a puzzle piece into its correct location, you are given a chance to guess what the puzzle is. Points are scored and lost for puzzle moves, trivia question answers and for guessing the puzzle.

The game can be played alone or with others.

### DISTRIBUTION

This is shareware and can be freely distributed to others. When providing the program, the file name TPGV1.EXE is the only file needed. This installation file contains all the necessary program files and will install the the program files in the appropriate directories.
