

## Registration Details

Okay, now that you've had a chance to see the program and decide you simply can't live without it, you need a better copy of it, and want to support the authors and encourage them to write more software, you came to the logical conclusion: you need to register.

First of all: if you're not trying to learn how to register Madame Zelda©, you're looking at the wrong file. Otherwise, here's the scoop:

\$9.00 earns you an updated version of the program, news on other software developed by MerlinWare, VisionWare, and/or Melissa Perry. Nothing explosive there.

\$12.00 gets you the aforementioned, plus we'll put in an opening screen with your name on it, plus your address, company name, or whatever you want to have it say! Boy, what a great thing it is to have PERSONALIZED SOFTWARE!!!!!!!!!!!!!!

\$15.00 and a \*disk\* with your photo on it (openable by an IBM machine) earns you the above, plus we'll put your picture right in the opening screen! Plus, you'll have the undying gratitude of all people responsible for the creation of the software! Isn't it incredible?

Just in case you're wondering, the prices were designed to be perfectly divisible by three. :-)

When you decide to register (please), you'll need to know who to give your money to. Make all checks payable to Michael Dase, and send them to the following address:

MerlinWare  
C/o Admiral Merlin  
5909 Rae Drive  
Las Vegas, NV 89108

I'm afraid we can't accept any credit cards (who'd want to pay off fifteen bucks with a credit card?), but checks or cash are perfectly acceptable.

If you should need to get in touch with us in a hurry for one reason or another, you can do so by the following means: E-Mail to the address [AdmMerlin@AOL.COM](mailto:AdmMerlin@AOL.COM), or you can even phone (provided the line isn't busy) at (702) 647-9970.
