Obtaining Credit

The House Marker Manager ATM can give you up to $10000 of instant credit. The amount credit you have available depends on how much you have in your savings account and in your bankroll. If you have less than $10000, you can borrow the difference.

For Example:

If you have $1000 in your savings accopunt and $1000 in your bankroll, your available credit is $8000.

The amount of available credit is shown on the ATM screen.
