Subject: Cali Cartel

Aggressive moves by the Cali drug cartel have forced the President to take action in the war against drugs. Although there was a treaty signed years ago stating that the United States was limited only to supply and advice towards the Colombians, the President stated that he can no longer stand idly by while drugs plague America's society.

The druglord, Enrico Ebanes, has been shipping drugs to our country by use of civilian single-engined aircraft. Making frequent pitstops at Cuba and other islands in the Caribbean, the planes would then land in Florida to distribute the drugs to dealers.

This can no longer continue. You are hereby ordered to secure that airfield and all drugs and weapons present. Men from the 2<sup>nd</sup> Ranger Battalion will be at your disposal. A flight of three PaveHawk helicopters from the 160<sup>th</sup> SOAR will fly you into the airfield where you will make a quick assault, eliminating all hostiles in one swift move. Beware of enemy reinforcements.
