

# Games

## AmoebArena

After war is abolished, disputes are settled in the AmoebArena. Strategy counts more than speed.

(Application by Casady & Greene)

## Bedlam 2

Battle through 45 levels to save the solar system from alien domination.

(Application by Ground Zero Software, Inc.)

## Cricket 1.3

The game that built the British Empire is now available on computer.

(Application by G. E. Randall)

## Columns Max 1.5

Shift the colors in three-block columns as they fall in this Tetris-style game.

(Application by Opinicus Microtech)

## Death From Above 1.4

Use fireballs and lasers to liberate the Earth from an alien race.

(Application by Plaid World Software)

## Factory 1.3

Logic and coordination get a workout as you run the conveyor belts and other features of a virtual factory.

(Application by RoundHouse Software)

## Hemtrex 3D Pearls

Pick how many and which colors appear in this Tetris-style game.

(Application by Redwood Productions)

## Labyrinth

The maze changes and objects shoot at you while you search for hostages.

(Application by Scott Miller)

## Square Wars Plus 1.1.0

Players take turns drawing horizontal and vertical lines between dots.

Complete a square, and it is yours. Get the most squares, and you win.

(Application by Steve Goldberg)

## SuperKeno 1.9.2

Great graphics and excellent sound make this lottery game a real treat.

(Application by Alexandre Trottier)
