1.1   Pictures index by directory

```
                    The pictures on Aminet CD 11

There are two ways to view the images on this CD. First, there is a
database of thumbnail images that you can click to see the full size
versions:  PicZoo . Just pick 'Open' in the File menu and select the
database you are interested in. AGA is recommended for this program
but not required; you can change the screen mode to any HAM mode in the
Preferences menu. See the  documentation .

The other approach is to read the descriptions of the images (and anims)
and click the ones that sound interesting for immediate viewing. Please
select the subdirectory that interests you.
