The business software on Aminet CD 14

To fill the (little) room on this CD that was not used by new uploads, I've added business software to go with our commercial highlight: The TurboCalc spreadsheet. Here are the categories:

biz/dbase	Data base software
biz/demo	Demo versions of commercial software
biz/dopus	Directory Opus files
biz/misc	Misc business type soft
biz/patch	Commercial software patches
biz/swood	Softwood products
