Modlist

1.1   The modules on this CD

                              The mods on Aminet CD 20

Once more we have many mods on this CD, all of them new. Note that some
archives contain several modules, only the first one will be played in
those cases. Also, please read my notes about
                ratings
                   .
For the following styles there exist lists (click the 'shuffle' button to
play random songs of that style, and click it again to skip a song you
don't like):
         All   (shuffle) All styles (also by author)
   ~   Pop   (shuffle) Pop
   ~   Rock   (shuffle) Rock, hardrock
   ~   Funk   (shuffle) Funky, jazzy
   ~   Chip   (shuffle) Chip tunes (no samples)
   ~   Demo   (shuffle) Amiga demo style
   ~   Slow   (shuffle) Slow/melodic sound
   ~ Synth   (shuffle) Synthesizer oriented
   ~ Techno   (shuffle) Techno stuff

1.2 Notes about ratings

```
                       Notes about ratings
```

No one will agree with my ratings I'm sure. But hey, I *had* to make
them, I could not just throw hundreds to thousands of mods at you. I've
tried to be neutral: I made a separate ranking for each mod style,
using the full range of marks, even if I didn't like the style.

A module needs two properties to get a top rating from me: Good samples
and a melody that doesn't go on one's nerves within 30 seconds. Because
of that, and because each style has its own top mods, you'll find many
non techno mods in the top ratings.
