1.2 [what is elektrik empire.

ele - elektrik empire

elektrik empire is a artie musiek group (norwegian, finnish and swedish).

the group was founded late 1997 by acidpimp (also known as snap/avt) and caustic, but back then we called us `the asvalt project`. Now sami has joined us from finland.

1.3 [ele releases in 1997.

ele - information

the releases will be found on these following sites, we use a "ele_".lha so they should not be that hard to find, or what?

guest releases are also welcome, so _please_ contact us if you want to release something under the elektrik empire label.
