YOU HAVE BEEN WARNED

Avaruussinfonia

Ethereal spirits and sentient life forms rule the Void, while pathetic

humans float helplessly around - soon to be devoured by the radiating comet-creature. Take care while watching this blasphemous Space Symphony.

 Crazy RGB's

This is how the multi-eyed Ancient Ones see their beloved Egypt, their kingdom which once was, and which once shall be. After day cometh night; man's day shall pass, and They shall rule where They once ruled.

 Don't watch this, watch that

Insecticide is of no use when these creatures infest your home with their foulness. Those little demons will twist your dreams in your sleep, making you do horrible things in the morning. Nlogghtua's spawn will make its lair inside your bed, nursing itself with your psychic energy. This is the Breeding. Just wait to see the whole Cycle of Life.

 Hiphop Harmonies

Peace is only an illusion in this vision. Further study reveals the reckoning occult symbols flashing every now and then in the sinister dreams of those hiphop persons. Those black dudes actually appear to be no humans at all - take a note of those transformation abilities...

 Noitametsä

Humans try to reach the HattiVatti-island, but those cunning little creatures just sail away with their living boat. Even lightning from the heavens doesn't affect them. When reaching the shore, humans are digested by earth itself, eaten deep down there... and you can see their lost souls ascending as an unending stream.... Only to come back for more pain. As you can see, there is no escape from the Witch Forest.

 Sorry, no bonus.
