1.3 Magic Rabbit's Magic Iconcollections icons

<Disks>

The cd-icons are cut and paste, put on a correct template, and added magic....

Dont know the original authours, but the Cd-disk and the skelet fishes are taken from Roman Patzner's Romicons 4...

<Drawers>

In addition to Alisdair Walker's release 'AW's Magic Icons V1.0' which included alot of Startrek icons, i drewed 'Startclock' one and two, to be used for the 'Starclock' program, a clock which BOTH shows Stardate AND real time... (fantastic!)

Now read the '<drawers>?' text again two times, first you replace the 'Startclock' with 'TrekMusic' and then with 'TrekDocs'

But remeber to STOP after the 'one and two,' otherwise you'l get confused, ok.... You don that ?

ok good, now continue to read this Cyber-multimedia-Hypertext-international-experience guide....

<Games>

Sorry about the last 'Selenterum' it was fast jobb, so i aded a stolen background

form the icon 'Valhalla' sorry i dont knwo who to thank for i dont remember who drewed it,

i found it i my 'Left over icon storage drawer'... :)

<Prefs>

I improved the MUI time prefs icon, by adding the correct template with all those numbers in the back.

<Utilities>

I just LOVE that 'Snoopdos' icon, the disk that moves to the right is suppose to move, it's not a drwaing mistake, it runns awy when Snoopy is not watching ==}

1.4 Magic Rabbit's Magic Iconcollections patterns

Isn't Adpro + dithering + Dpaint is a wonderful combination :)

This time all patterns are in Hires Laced,
 in the next release (numero 3) i will provide unlaced and laced backdrops

ALSO some nice REAL patterns i made, not picuterse but real patterns ok....

The patterns are drawn by me, except were noticed, (check the tooltypes)
The scaled pictures is drawn by other persons and i thank them alot for
making them,
thoug the picture autors have no ide I stole the pictures from them... He
