

#### 4. Can I get a discount ?

If you want to pay in advance for 11 months of service, you get the 12th month free. If you pay in advance, XS4ALL guarantees you will get the services you have ordered for that next year or the balance of your money back if we fail in some way.

For those preferring a regular payment we will offer a discount for automatic regular transfers or an incasso agreement.

Also we offer discounts to applications for over 10 accounts and to organisations that can give us free publicity or other media attention. Proposals can be mailed to... [account@xs4all.nl](mailto:account@xs4all.nl) or faxed to... 020-6222753.

We are working on a one-time discount, that will be rewarded to users that register a new user to XS4ALL. We will announce this arrangement soon. We only reward discounts to users who are always current in their payments to XS4ALL.

We cannot give a free account to any person or (charity) organisation. Also we don't refund fees when the system is temporarily unusable to you for whatever reason.
