

Register **BackMenu** and **BigDesk** *now!*

If you've found that one or both of these packages fit in with the way you work, please register and support a struggling research assistant!

For £20, you can register either BackMenu or BigDesk. In return you will receive a handsome registration certificate to show your friends and prove you are honest.

For £25, you can register BOTH packages, and receive an even nicer certificate.

For £10, you can swap a single package registration for a double package registration (a little incentive to encourage double registration...)

Just print out the form below, fill in the details and fax it to SP Services on (0703) 550037 (that's +44 703 550037 if you're not in Britain). If you've no fax, either ring the same number and wait patiently for the answering machine, or post the form to:

SP Services
PO Box 456
Southampton,
United Kingdom
SO9 7XG

You'll have to do this if you don't want to pay by credit card, too, but please note we can only accept payment in pounds sterling. We also accept orders by electronic mail to **shipps@compulink.co.uk**; you will get an e-mail reply as soon as the order is received, followed by a registration certificate in the post. Please supply all the same details.

If you want to register for a network, or for a mega-corporation, please send a fax with the details to SP Services and you'll soon have an impossibly good offer made to you.

Don't forget that there are no warranties associated with this software beyond saying that it will do what it says in the documentation. If you manage to mess up your installation and think it has something to do with BackMenu or BigDesk, we're sorry but it only cost £20, didn't it. Now for BIG money we'll give you a warranty.

Just for the record, BackMenu and BigDesk are both © Copyright 1991, Ian Heath; this chatty registration form is entirely public domain.
