Win Qwk User's Manual

Introduction

Page 14

Win Qwk User's Manual

WinQwk is a Microsoft Windows based message reader for the Qwk packets created by Qmail, RAMail, MarkMail, Tomcat and other Qwk compatible mail doors.

Page 15

Win Qwk User's Manual

This program is shareware. You may use this demo copy for 15 days, after that it must be

Page 16

Win Qwk User's Manual

registered. See the included regqwk.wri for registration information. Registering entitles you to a fully operational version, and a key which will work on all future versions.

Page 17

Win Qwk User's Manual

WinQwk is guaranteed to do nothing more than fill up your hard drive. All reasonable

Page 18

Win Qwk User's Manual

amounts of testing have been done to ensure that WinQwk works well, be we can not guarantee anything.

Page 19

Win Qwk User's Manual

The unregistered version of WinQwk is fully functional, with one exceptions:

Page 20

Win Qwk User's Manual

Taglines. The unregistered version will show the following Tagline:

Page 21

Win Qwk User's Manual

* WinQwk 1.10 #0 * Unregistered Evaluation Copy

Page 22

Win Qwk User's Manual

The registered version will allow you to choose from different taglines for your messages and

Page 23

Win Qwk User's Manual

will remove the annoying please register-me screen.

Page 24

Win Qwk User's Manual

One additional option regarding Taglines is to NOT use Taglines. Taglines in FidoNet echoes contribute to the size of messages passed around internationally, and cost money. Excessive

Win Qwk User's Manual

quoting also contributes to the size of messages.

Win Qwk User's Manual

AnsiView.Exe

Page 27

Win Qwk User's Manual

AnsiView should be placed in the same directory as WinQwk. This program is called from WinQwk to display the ansi/ascii screens included in some mail packets. It is accessible from the

Page 28

Win Qwk User's Manual

Packets menu in WinQwk.

Page 29

Win Qwk User's Manual

WinQwk - Commands

Page 30

Win Qwk User's Manual

Page 31

Win Qwk User's Manual

MenuBar Options

Page 32

Win Qwk User's Manual

File

Open - Allows you to select a packet to read.

Page 33

Win Qwk User's Manual

Close - Close the current packet without exiting the program.

Page 34

Win Qwk User's Manual

Exit - Close any open packet and exits the program.

Page 35

Win Qwk User's Manual

Areas

Page 36

Win Qwk User's Manual

List - Allows you to select an area from a list of all available areas.

Win Qwk User's Manual

Next - Jumps to the next area that contains messages.

Page 38

Win Qwk User's Manual

Prev - Jumps to the previous area that contains messages.

Page 39

Win Qwk User's Manual

Packet - Lets you view the ansi screens included in your mail packet.

Page 40

Win Qwk User's Manual

Messages

List - Displays a summary of all messages in the selected area.

Page 41

Win Qwk User's Manual

Prev - Goes back one message.

Page 42

Win Qwk User's Manual

Next - Goes forward one message.

Page 43

Win Qwk User's Manual

TagLine - Copies the tagline from the current message.

Page 44

Win Qwk User's Manual

Export - Saves the current message to a text file.

Page 45

Win Qwk User's Manual

Delete - Deletes the current message. Note this command is only active in the replies area.

Page 46

Win Qwk User's Manual

Build Ndxs - Re-builds the *.ndx files for the open packet.

Page 47

Win Qwk User's Manual

Search - Search the messages for a string.

Page 48

Win Qwk User's Manual

Enter - Enter a new message in the current area. This will Edit the current message when

Page 49

Win Qwk User's Manual

you are in the replies area.

Page 50

Win Qwk User's Manual

Reply - Reply to the current message.

Page 51

Win Qwk User's Manual

Sort - Allows you to sort the messages in the current area by Message Number, To, From or Subject.

Page 52

Win Qwk User's Manual

Page 53

Win Qwk User's Manual

Setup

Page 54

Win Qwk User's Manual

Packers - Let's you specify the commands for packing and unpacking the mail packets.
Supported packers are Zip, Arc/Pak, Zoo and LhArc.

Page 55

Win Qwk User's Manual

Files - File Names and paths for the program and mail packets.

Page 56

Win Qwk User's Manual

Temporary Message Dir - This is where WinQwk will place your open mail bags.

Page 57

Win Qwk User's Manual

File containing Tag Lines - This is where the program will look for the taglines that are

Page 58

Win Qwk User's Manual

appended to the end of the messages you write.

Page 59

Win Qwk User's Manual

Default File for Message Exporting - This is the default file for saving messages as text. (Note you can change this when you select Message Export.

Page 60

Win Qwk User's Manual

Directory for Reply Packets - This is the Directory where your replies will be placed for

Page 61

Win Qwk User's Manual

upload.

Page 62

Win Qwk User's Manual

Default Directory for Qwk Packets - This is where the program will look for your Qwk

Page 63

Win Qwk User's Manual

packets. This should be your default Download directory.

Page 64

Win Qwk User's Manual

Misc - Other setup information.

Page 65

Win Qwk User's Manual

Quote Heading String - This is the string that the program will place at the top of your replies. It can be left blank. This are this special characters:

Page 66

Win Qwk User's Manual

%T - will be replaced by the name of the person the original message was to.
%F - will be replaced by the name of the person the original message was

Page 67

Win Qwk User's Manual

from.

%S - will be replaced by the subject of the original message.

Page 68

Win Qwk User's Manual

%D - will be replaced by the date the original message was written.
%I - will be replaced by the time the original message was written.

Page 69

Win Qwk User's Manual

Quote Prefix - This string will be added to the beginning of each quoted line in the

Page 70

Win Qwk User's Manual

original message.

This are this special characters:

Page 71

Win Qwk User's Manual

%F - will be replaced by the initial of the first name of the person who wrote the message.

Page 72

Win Qwk User's Manual

%L - will be replaced by the initial of the last name of the person who wrote the message

Page 73

Win Qwk User's Manual

Toggles

Page 74

Win Qwk User's Manual

Add Tag Lines - This will turn on the adding of taglines to your messages.

Page 75

Win Qwk User's Manual

Save Book Marks - This will keep track of the last message you read in each area even if you close and then reopen the mail packet.

Page 76

Win Qwk User's Manual

Save Screen Size - This will record the size and location of the screen when

Page 77

Win Qwk User's Manual

you close the program and it will return to that size and location next time you run the program.

Page 78

Win Qwk User's Manual

Jump to Next Area - When checked the reader will automatically advance to

Page 79

Win Qwk User's Manual

the next area at end of the current area.

Page 80

Win Qwk User's Manual

Beep on My Mail - When checked the reader will beep whenever a message to you appears.

Page 81

Win Qwk User's Manual

Page 82

Win Qwk User's Manual

Default Sort - This is how the program will sort whenever you change areas.
