Revision History

V4.00 -- 05/01/88

    Redesigned front and back ends of program.   Updated PK
    support to version 3.5. Added "clean-up" option. Converted
    to MSC 5.0. Totally rewrote the documentation.

V3.3 -- 07/08/86

    Adds support for Phil Katz' PKXARC archive extractor.

V3.2 -- 07/03/84

    Corrects incompatibility with generic MS/DOS.

V3.1 -- 06/15/86

    Fixes a problem with records with trailing spaces.

V3.0 -- 06/12/86

    Added CRC checking, thus making validity checking a reality.

V2.0 -- 04/15/86

    Added support for archives and multiple parallel edits.

V1.0 -- 02/24/86

    Basic release.
