

It's Fast! It's Easy! It's @loha! Animation & Sound for E-mail

@loha is a unique graphics tool that enables e-mail users to add spectacular animation and sound to their messages. The program has 4 key features that make it easy to use. First, all Windows-based e-mail programs are @loha-compatible. Second, anyone with a Windows-based e-mail package can receive @loha messages. Third, @loha's tiny files (10-20kB) mean fast downloading. And finally, @loha's extensive gallery of over 650 images and sounds allows you to create and send thousands of different messages. @loha is available at retail outlets across North America for only \$49.95.
