

Hearts Screen Saver

Version 1.95a

(c) Howlin' Good Software, 1996

The following options can be set:

- | | |
|------------|---|
| Hearts | The number of hearts bursts on screen (between 1 and 99, but a small number works the smoothest). |
| Background | Don't clear the background. |
| Options | Clear the background to black. |
| Quiet | Turn off sounds.
Note: sounds are not on constantly when they are on. |
