Installation

The CD that you are using contains multiple titles, including the title that you purchased. This brief help file will show you how to install the program that you purchased, and tell you a bit about Swift Software and our commitment to our users.

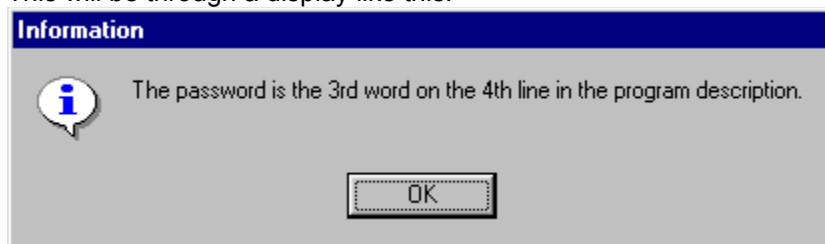

The Installation program, CDSETUP.EXE, has only one menu:

To install the program that you purchase you must CLICK on the radio button (small white circle) next to the program name.

After you select the program that you have purchased, you will be informed about the password needed to install the program.

This will be through a display like this:

The program description is located on the inside of the front page of the jewel case insert. You'll find the password in the program description. Remember the password or write it down.

Next, the installation program will launch, and you will need to enter the password:

That's all! Your program will then be installed.

After installation is complete, you will be given a chance to register on line. Why register? First, we do not sell mailing lists, so you don't need to be worried about your privacy (see our privacy policy.). Second, we have special offers, free additions to our programs, help and more.

What about all of the other programs?

If you purchase, for example, Greeting Card Magic, you will only have the password for Greeting Card Magic. We have a special offer if you wish to have any or all of the programs on the CD....

Why visit Swift on the Web?

www.cosmicom lives to serve you! Free technical support, news, special offers and free bonus programs await! Visit early, visit often!

Online technical support

All the frequently asked questions, and a few not so common ones ... if you don't find your answer on our web site, you can email your question to customer support. It's more convenient than telephone support, and it's available 24/7.

Not just dry keystroke-by-keystroke help procedures, either ... we have strategy tips and great ideas for getting the most out of your computer!

News

Got a tip you'd like to share? Made something really neat using a Swift program and want to show it off? Installed new hardware and want to know about compatibility? www.cosmi.com has what you're looking for, with up to the minute news and information that affects your computer system.

Special offers

We know that Swift Software customers are savvy shoppers who expect the most bang for their computer buck. Shop at our website and get great prices on full featured, reliable software programs! Specials change constantly, check with us often!

Free bonus programs

To show you how much we appreciate your business, Swift Software regularly posts special, free, software programs on our website. Drop in the next time you are on the web, and pick yourself out something nice. You deserve it!

Privacy

We do NOT sell mailing lists, so if you visit Cosmi you don't need to worry about your privacy. Our complete privacy policy is on line.

Frequently asked questions

1. Q: Help! I can't get the program to install. A: You have to first click on the appropriate program then you will be informed of the password needed to complete the process.
2. Q: I purchased one program. Why can't I install all of the others? A: The disk that you have purchased has multiple programs on it. This allows us to offer quality software to you at low prices. Unless you purchase a program, you will not know its password and will not be able to install it. If you wish, we have a limited time offer to allow you to purchase ALL of the programs on the CD at a huge savings.

Swift/Cosmi Team

Many persons have spent a great deal of effort to produce Cosmi's's program line. We acknowledge programming teams in each title's manual. Here's a list of the Publishing Team at Swift/Cosmi:

Executive Producer: Herb Kraft, Vice President/Publishing

Director of Research and Development: Chris Marinacci

Senior Programmers: Bill Weber, Ron Paludan

Programming/Testing: Emerald Burke, Carol Dunn, Cesar Garcia, Georgia Shubert, Brian Snofsky

Internet/QC: Amy Seeberger

Art and packaging: Beverly Johnson, Susan Randle, David Serrano

Logistics: Dee Spencer, Sandra Padilla

Team Leader: George Johnson, President/CEO
