

What's new

- 7.25 Polished up the code and made it a tad smaller and a bit faster
- 7.11 Sitting waiting for the feedback, comments and feature requests
- 7.10 File lists support added, multi-file search improved (no, no bugs, just improved)
- 7.6 Realized that I better be completely done by December or the versions will be hard to control ;)
- 7.4 Drag and drop and command line support added
- 4.16 - First release
