

{ Notes that police say were given by Nicole to OJ}

``O.J., I understand that this is probably too late, but I have to do it for myself and the kids or I would never forgive myself. I'll call Cathy from now on and will only call in an absolute emergency. Please believe me and return these calls immediately."

``Also, please return these tapes. I'd like to save them for the kids. I can make a copy of Sydney's birth tape for you if you want."
