• SoundStudio 1.3

SoundStudio is Shareware. Version 1.3 can be registered for \$5.00 by sending payment to:

Audio Electric Systems
38329 Bronson St.
Fremont, CA 94536

if you would like to be mailed the most recent copy of Sound Studio, please include an additional \$4.00 for the disk & shipping and handling. If you live in California, you must also include local sales tax on the registration fee.

Sound Studio is not Freeware or public domain. You are encouraged to pass this program on to others as long as all documention is included. Organizations that pass Shareware commercially or for financial gain must get written notice (E-Mail os OK too) first from Audio Electric Systems (This is easy - Ask and ye shall receive). Modified versions of SoundStudio should not be passed to others. If there is a problem,visual defect or suggestion for SoundStudio, please notify us by either America Online at [AESConsul](#) or by mail, we prefer E-Mail if at all possible.

Be sure to register SoundStudio. If you register you can receive substantial discounts on the upcoming version. This version will always be available however as a simple recorder for those who do not need the more advanced features to come.

For those interested in the disk of the extras disk you can get with a mailed update of SoundStudio. this disk includes a number of popular shareware items like:

Extension Manager, Moire, SCSI Probe, Menu Choice, SupeClock, Disinfectant, Easy Envelopes, Alias Menu, BeforeDark, Disk Copy, Sound Studio, Mac Envy, Forward Delete, Discolor, Eyeballs, The Grouch, and Gregs Buttons.

This disk is Audio Electric Systems gift to anyone who wants it and we are always giving

it away. You can have it too for free except for shipping & handling charges. You could also come and get a copy if your ever in Fremont.

President

Aaron W. Beck,
