

Instructions to Uninstall BCF Help

1 With File Manager delete the following files on your hard disk in the directory named **BCFHELP**.

BCFHELP.HLP
BCFHELP.ICO
BCFHELP.WRI

2 Select the **BCFHELP** directory and delete it.

3 Delete the following files to your **windows\system** directory

FTENGINE.DLL
FTUI.DLL
MVAPI.DLL

4 To remove the Program Manager group **BCF Help** simply click on the group icon and select **Delete** from the **File** menu.

This should successfully remove **BCF Help** from your hard disk.
