Welcome to Arts & Letters

The **Arts & Letters EXPRESS Art Show** was created using Arts & Letters EXPRESS to illustrate the power and versatility of this award-winning product.

In laboratory tests conducted by one of the largest and most influential PC magazines in Europe, MikroDatorn, Arts & Letters was ranked **#1** in ease-of-use and performance vs.CorelDraw 4.0 & 5.0 and Micrografx Designer. For, example, in total time to print the same page, Arts & Letters was over twice as fast as Corel 4.0 and 5.0. And that's just one of the reasons it's called Arts & Letters EXPRESS.

A narrated sound track explains how you can create professional-quality artwork quickly and easily. To end the show at any time, press the Esc key At the end of the show you can click on **EXPRESS Features** for a complete listing of the capabilities of EXPRESS. And best of all, you can order a copy of EXPRESS at a special introductory price.
