Colorful Lanterns At Shangyuan

v. 1.0
© 2005 Ina Asim

Thank you for purchasing the **Colorful Lanterns At Shangyuan** CD. We sincerely hope you enjoy exploring the rich details contained on the CD.

For best results, copy the contents of the CD to your local hard drive.

To run the CD:
Apple Macintosh computers:
Double click the file named **Mac OS X version.osx**
PC computers:
Double click the file named **PC version.exe**

Navigation of the CD:
Please see the booklet inside the jewel case, or the FAQ's page available from the File menu of CD, for instruction on how to navigate the CD.

Minimum requirements*:
Apple Macintosh computer: Apple G4 400 MHz (or better) processor, Mac OS X 10.3 (or newer), 256 MB RAM, 200 MB available HD space.
PC computer: Pentium III 700 MHz (or better) processor, Windows 2000 (or newer), 256 MB RAM, 200 MB available HD space.

*The better the computer's power and memory - the better. While this CD may run on systems that do not meet these requirements, these are the minimal systems we tested the CD on.
