HOME ECONOMIST

OBJECTIVE: To serve as home economist with food or home products company where my knowledge of home economics, speaking skills, and writing ability will be of high value.

EXPERIENCE:

1991-present

Home Economist, *Lyonesse Biscuit Company*, Mariposa, Georgia
This specialty product baking company distributes mainly in the South. My job is studying consumer preferences, testing feasibility of products catering to these preferences in test kitchen, and reporting results to vice president in charge of research. In addition to reports, I write pamphlets and leaflets for distribution to consumers and make speeches on nutrition before home management groups. Desire more responsibility with larger company.

1989-1991

Home Economics Teacher, *Mariposa High School*, Mariposa, Georgia
Conducted classes in general home economics covering foods, clothing, and home management. Left to work in industry where my true interests lie.

EDUCATION:

1989

Bachelor of Science, home economics, with minor in journalism, *Georgia Agriculture and Technical University*, Athens, Georgia
