To explore this CD-ROM, you need a Web browser, such as Netscape or Internet Explorer. To view or edit graphics files, we recommend an image editor, such as Photoshop.

Compatibility Note:

Many of the files on this CD-ROM were created on Macintosh computers. Long filenames were used to name the files. As a result, this CD-ROM was mastered using a format that supports long filenames under Windows 95 only. This CD-ROM is not compatible with PCs running Windows 3.x.
