

STEPHANIE

On Saturday October 2, 1993 at around 4:30 pm., one of my son's best friends, Stephanie Monn, was last seen riding her bike around our neighborhood, and ever since, my sons and many other children miss her very much. I too, miss her very much.

When she would come to our house and play with my son, she would also want me to participate in their games. A tough little cookie she is, somewhat of a tom-boy, and always with a beautiful disposition, and a smile. A free spirit type of girl she is, and now our lives have an immense void since we can't hear her laughter and see her smile, or her boyish-frisky type of walk.

All of our neighborhood knows her. There isn't one person she has not stopped to talk to, even for five minutes. No matter the subject (but especially fishin'), she enjoys talking with you, and she listens to us "old" ones with great attention, but also with a little skepticism in her eyes. That's because she doesn't take anything for granted.

I sit in front of my computer, and I wish I could go back in time and stop whatever it is that is keeping her away from us now. I see her mother and father quietly cry, and also her sister and brother.

Perhaps you have read of her on the newspaper (Philadelphia Inquirer, Gloucester County Times, Courier News, etc.) or perhaps you have seen the news on TV (Ch.3, Ch.6, Ch.10, Ch.29), and perhaps you as a parent or just as a human being have felt the pain and anguish that her parents and all of us who love her feel for her.

But besides us adults, there are also many kids; her friends from school and neighbors, that quietly go to bed thinking of her every night, and quietly shedding a tear because they miss her. I know this, because I see my son "C.A." and his brother Julian quietly talk of her, and quietly say that perhaps Stephanie won't come back to play with them.

There are two **GIF** files along with this README file. They are pictures of Stephanie. All I ask from you is to Upload this ZIP file in its entirety to as MANY BBS's as you possibly can; and also, to keep an eye for her.

You see, we don't know if she drowned in the nearby creek (affluent to the Delaware River), or if someone has taken her away. And, of course, we hope she is still with us.

As a fellow BBSer I ask you to help us out so our children (and us) can enjoy her company and laughter again.

"C.A.", Mike, Julian, Bobby, Angeline, and many other children miss her very much.
