

- *---A macro to show cell coordinates instead of range names. This macro will handle absolute and relative range names. Absolute range names will be changed to relative cell coordinates
- *---Use the /Range Name Label Right {End} {Down} <ENTER> to define the range names in this column (starts with the \Z macro name)
- *---Hold the <ALT> key and press <Z> to activate the macro

!

THIS MACRO WILL WORK ONLY IN RELEASE 3 AND UP
