

Product Availability Charts
International Products
 Date of Revision: September 8, 1993

Legend:	
mm-dd-yy (full date)	= disk date of initial or latest release
mm-dd (date inside asterisks)	= expected <u>initial</u> release (delivery, not shelf date)
X	= this product is released; no disk date available
%	= release planned, no date set yet
?	= waiting for status information
D	= assembled at WP Danmark
F	= assembled at WP Finland
I	= assembled in Iceland
L	= assembled in Lindon
R	= assembled in Rotterdam

Notes:

- The Japanese, Korean, and Chinese versions do/will require special operating systems.
- Since there are many ports per language for our UNIX products, the information in these tables is listed as follows: **X (3)** The "X" means that this language version has released on the **Sun Sparc** machine. For further information about other ports, please refer to Eric Anderson's availability charts.
