

The Registration form for TSMTP Component

This form is for registration by regular snailmail. For other registration options please refer to documents README.WRI and/or SMTP.HLP which are included with this package.

Registered users will receive full source code of TSMTP and the right of unlimited usage of this component. Source code will be sent by regular mail, Internet, CompuServe or AOL Email or FTP depending on your choice.

You also will be notified about all further enhancements and about the release of TPOP3 component, which will allow you to receive Internet mail.
