Short Description:
Budget Planner for Windows 2.0a is a financial utility for planning budgets.

Long Description:
Budget Planner for Windows 2.0a is a financial utility for planning budgets. This program features:

o Easy "point-and-click" functionality
o Calculation of total budget items, amount, difference from budget amount and percentage of budget amount used
o Add, change, delete, browse, **and** print records all from one window!
o COMPLETE on-line help -- no need for a manual!

System Requirements:
o Microsoft Windows 3.1 or higher
o MS-DOS 3.30 or higher
o 2M or more RAM
o 80386SX or higher processor
o 450K hard disk space (programs and documentation)
o VGA graphics card/monitor
o Mouse

Registration Information:
When you register your copy you receive:
o The most current version of Budget Planner for Windows with all Shareware items removed
o **FREE** UNLIMITED TECHNICAL SUPPORT (locations listed below)
o Early notification of updates and new products
o Special discount prices on other products (registered members only)
o A sense of pride and ownership, by having honestly supported the Shareware concept
o The satisfaction of helping to keep the price of this and other software products down by supporting a distribution method which doesn't depend on expensive advertising campaigns

You can register your copy of Budget Planner for Windows by filling out and printing the registration form from the **Register BPW/Exit** window (last window before exiting BPW), enclosing your registration payment, and sending them to the address on the form.

NOTE: Before mailing your registration form, WRITE DOWN THE GENERATED REGISTRATION NUMBER. You will need this number to qualify for free E-mail technical support!

Author Information:
I am a life-long resident of Idaho and currently living in the city of Heyburn.

If you have any questions, comments, or suggestions, please consider printing and filling out

the RESPOND form which came with this package. Or, if you have already done so, and have more
questions/comments concerning Budget Planner for Windows, you can send them to:
