Martin S. Graham, Ph.D.

I have worked with Bill Wilson on various projects over the last 15 years, and have always found him to be efficient and thorough. He works well with other people, and has an ability to coordinate large projects which involve numerous departments and individuals.

Bill is the type of person who gets highly involved, and follows through on details until a project is completed. I believe he will be a valuable asset to any company which employs him.

Joseph Marks, CEO, ACS Management Consultants, Inc.

Bill Wilson was a valuable employee when he worked for our company over 15 years ago, and remains valuable to our company today. We have continued to rely on his advice, and still hire him regularly as a business consultant. Without his help, I am confident we would not be as successful as we are.

Bill is a team player in every respect. He has been the driving force behind several large projects, which would not have been completed without his ability to coordinate the efforts of diverse individuals.

I am proud to recommend Bill Wilson to you. Should you wish to speak with me regarding Bill, please contact me at 713-555-1234.
