

QSC-QuickSaverChange

by Michael Breukel, Koenigsteiner Strasse 18, 65812 Bad Soden, Germany

QSC needs VBRUN300.DLL, the Visual Basic 3.0 Run-Time-Library. Which is widely available.

QSC should make it easier to select and configure the Windows-Screen Savers.

QSC has two modes of offering your Screen-Savers, a combo-Box and a Button List of all Savers.

You can change the display mode at run time.

QSC offers all Screen Savers, just select the desired the saver. QSC makes it to your actual Screen Saver immediately.

Setup the selected Screen-Saver by Clicking the "**S**" Button.

Activate the selected Screen-Saver by Clicking the "**A**" Button.

Change the Screen Saver Timeout - this time is given in **Seconds**.

Turn off your Screen Saver by Clicking the "**+**" - Button, it will change to a "**-**" by Clicking the "**-**" your turn on the Screen Saver.

Change the QSC Display Mode by Clicking the "**M**" Button

QSC saves at exit it last Position, WindowState and Mode.

If you are using QSC for more than 14 days, you must register it.

You can register on Compuserve: Type GO SWREG und use ID# 4870

The registration fee is US\$10.

You will receive the actual version and updates via Compuserve

You can contact the author at Compuserve 100333,410.
