ORDERING INSTRUCTIONS & OPTIONS

Print this individual page or the entire file document by selecting **Print** from the **File** menu.

1. While the ordering instructions and prices provided here are for orders sent to Translation Experts USA (United States), you may order **Word Translator™** software either from Translation Experts USA (United States) or Translation Experts, Ltd. (Great Britain). Orders placed with Translation Experts USA are payable in US Dollars. Orders placed with Translation Experts, Ltd. (Great Britain) are payable in Pounds Sterling (GBP) converted from US Dollars at the current exchange rate. For more information about ordering from Translation Experts, Ltd. (Great Britain), contact **Translation Experts Limited, 2 Laverton Place, London SW5 OHJ, Great Britain, Fax: +44-(0)71-244-8397**.
2. **One Word Translator™ program is included in the price of each dictionary ordered.** Please use the appropriate order form for either Word Translator™ for Windows or Word Translator™ for DOS. 3 ½-inch, high density (HD) disks will be sent unless you **specifically** request **another** format. There is an additional charge of \$10.00 for formats **other** than 3 ½-inch HD disks. Please note: **some** language versions of Word Translator will **ONLY** fit on 3 ½-inch HD disks.
3. Multiple language (dictionary module) orders will be shipped on **separate** installation disks.
4. III-sized dictionary modules contain **all** the entries contained in the I and II-sized dictionary modules plus more. Likewise, II-sized dictionary modules contain **all** the entries contained in the I-sized dictionary modules plus more. For those languages containing **more** than a **single-sized** dictionary module, all smaller-sized dictionary modules are **created from** the **largest** available dictionary module for that language. The I, II and/or III-size designations only reflect dictionary modules with a different number of entries. You **do not** need to order all three dictionary modules but only the largest size you feel you need or require.
5. The \$5.00 Shipping & Handling charge is **applicable to all US orders no matter** if your order is mailed, shipped via air express or by other special means. No additional handling charges are included for orders shipped to addresses in the United States, Canada or Mexico, however, all special shipping must be **prepaid** with your order. For shipping & handling to addressees **outside** the United States, Canada and Mexico, please include **\$12.00** for Air Mail delivery. Express Mail delivery (inside the U.S. **only**) is available **starting at** approximately \$10.00. Please contact Translation Experts for other available shipping and delivery options.
6. We currently use **Federal Express Priority Overnight Service** (no Saturday/weekend delivery) exclusively for **all** air express shipments. Delivery can be made **ONLY to a street address**, not to post office boxes or other such locations. Your area code and phone number are **required** for air express shipments. If you want your order shipped via air express, please use the table below to determine the amount you should add to the total amount of your order to cover air express costs.

The Air Express shipping table below reflects only the **average** shipping weight. If you remit more than the actual costs, we will rebate any excess over \$1.00. Shipments to addresses outside the United States may be subject to import duties and taxes. Any such duties and taxes will be payable by the recipient at the time of delivery. The following table is effective as of January, 1995 and is provided as a **general guideline only**. Federal Express prices and delivery specifications are subject to change without notice. Most single dictionaries are approximately one pound. To be sure you include the correct amount for air express delivery, you should contact Federal Express directly and request the price of delivery to you of a **one pound Priority Overnight Service "FEDEX PAK"** from Denver, Colorado, USA to your address.

With Word Translator™ for Windows, it is possible to create almost any bilingual dictionary you may want. If, for example, you wanted to create a bilingual dictionary not available anywhere else, you could do so with Word Translator™. The only limitation is having a font or fonts that contain all the necessary accented characters required for **both** languages. To create an original, new bilingual dictionary, you need both the necessary language skills in both of the languages. Please contact an authorized distributor for more information about how to go about doing this.

Because Word Translator™ is distributed throughout the world, we already have available numerous foreign language to/from foreign language bilingual dictionaries. Additionally, if Translation Experts does not currently carry a specific foreign language to/from foreign language bilingual dictionary, we can create one with almost **ANY TWO** languages we currently offer. The price for such to/from foreign language combinations varies depending upon the specific languages involved. The time necessary to create such a dictionary varies from thirty to ninety days. For more information, please contact an authorized distributor.

If you have any questions about Word Translator™, any of the dictionaries, prices or any questions about ordering, please feel free to contact either:
