Bob's Macros

When you register your copy of Bob's Macros, Macro Systems will send you registration instructions that will allow you full use of the macros. **YOU WILL ALSO GET FULL ACCESS TO THE MACRO CODE**. If you request the latest version ($5 shipping and handling extra), you will be sent a disk containing the latest versions for both Excel 4 and 5.

To find out about the Macros, use the HELP selection under Help.

In addition to using the form below to buy Bob's Macros, you can also use it to order ReportRunner. ReportRunner is a spreadsheet and macro system that prints reports automatically based on stored report setup information. Multiple reports can be printed just by highlighting the report descriptions and selecting print from ReportRunner's menu. See the section in the Bob's Macros Help for more details.

If registering by mail, send the form below with your payment to:

INSTRUCTIONS ON CUSTOMIZING THE MENUS				
ARE IN THE HELP FILE UNDER CUSTOMIZE				
The following is a template command to add commands to the menus -				
copy into the User_Startup_Command macro above and edit it. Do not just				
type in the command, as the {}'s represent an array entry that is difficult to				
type. Do not delete the {}'s or the double quotes, they are needed.
