

Quick Exit Win V2.1

Copyright © 1994-1995 AMA Software
All Rights Reserved

Requirements: (Shareware Version)

1. **Windows Ver. 3.1** or higher
2. **VBRUN300.DLL** installed in your **windows\System directory**. (This product was written with Visual Basic 3.0 Professional Edition). VBRUN300.DLL can be obtained from most Bulletin Boards.
Note: This file is not included due to it's immense size.

Installation:

- 1.) Unzip the program to a temporary directory
- 2.) Make a new Directory named **QXITV21**. (Whether form DOS. [md C:\QXITV21] or start File Manager, select file, then select create directory).
- 3.) Copy all the files listed to the new directory.
- 4.) Start Program Manager and select **File + New**.
Select **New Program Item** for Quick Exit Win. (If in doubt consult your Windows documentation).
- 5.) Put Quick Exit Win in your **Start Up** Group if you want to use it each time Windows starts.

That is all there is to the installation.

What is QUICK EXIT WIN?

Well for one thing more than just another exit windows utility.

-  Yes it will Reboot your computer, Restart and Exit Windows.
-  There is a floating tool bar with windows utilities (File Manager, Backup, Calculator, Notepad, a File Finder, Control Panel, Format and Copy disk, and Windows Calendar.).
-  Quick Exit Win starts up as an icon. When you need it just click.
-  Time, Date. and System Resources are displayed on the main menu.
-  The toolbar will pop up from a Right Mouse Click on either the Icon or the Main Menu. (Note: This floats above all other windows).
-  The Icon can be configured to always be on top
From the main menu select "Always on top" to keep the icon on top .

File Included:

QXITV21.EXE	The executable file itself
QINSTALL.WRI	This File
QXTREGST.TXT	The registration information
ORDREFRM.WRI	Order Form
QED4WIN.PIF	Pif File
QXITV21.HLP	On-Line Help
QEWICO.BMP	Used by QXITV21.HLP

Thank you again for evaluating Quick Exit Win. Enjoy and please register.
