

Fiddler's Green - New Temptation

Pretty babe you're burning bright
Down in the dancehalls of the night
I wonder what she's gonna do
What immortal hand or eye
Could frame the fearful symmetry
I wonder but haven't got a clue

In what distant deeps or skies
Burnt the fire of your eyes
So tell me, tell me where you go
And what shoulder and what art
Could twist the sinews of thy heart
Good or evil we will never know

She is my new temptation
My latest inspiration
The incarnation of a fairy queen
She is my new temptation
My latest inspiration
And she will always be
Shining in my phantasy

What the hammer what the chain
In what furnace was thy brain
I wonder where you're coming from
Babe I die in agony
You are his latest symphony
Release me, but don't get me wrong

I wonder where she goes, I wonder where she's been
I wonder where she goes, I wonder where she's been

And when the stars threw down their spears
And watered heaven with his tears
Did he smile when he did see his work
She shakes her **** every night
I'd like to touch her, hold her tight
Good or evil we will never know
