

# Telephone Puzzle

## Description

Telephone Puzzle is a word game for Windows NT running on Intel-based systems. Telephone Puzzle also runs on Windows 3.1 systems with the Win32s software installed.

Telephone Puzzle displays words as telephone numbers. It's up to you to determine that 2662587466 represents the word "CONCLUSION" (see illustration below).

To play Telephone Puzzle, press the New Game button. You will then be given a word to decode like the following:

Word									
?	?	?	?	?	?	?	?	?	?
ABC 2	MNO 6	MNO 6	ABC 2	JKL 5	TUV 8	PRS 7	GHI 4	MNO 6	MNO 6
<input type="button" value="Enter"/>									

Like the digits on a Touch-Tone telephone, each digit can represent one of three letters. For example, 2 can represent A, B, or C, 5 can represent J, K, L, etc.

To choose a letter for a key, press it with the mouse until the desired letter is displayed above the key. When all of the letters are correct, as in the following illustration, press the ENTER button.

Word									
C	O	N	C	L	U	S	I	O	N
ABC 2	MNO 6	MNO 6	ABC 2	JKL 5	TUV 8	PRS 7	GHI 4	MNO 6	MNO 6
<input type="button" value="Enter"/>									

## Enter

When all of the letters are correct, as in the above illustration, press the ENTER button.

## New Game

After you've solved a puzzle (or given up), pressing the New Game button will display a new puzzle to solve.

## Give Up

Press the Give Up button if you can't solve the puzzle. The program will display the word and allow you to try another puzzle.

## Help

Press the Help button to bring up this on-line help screen.

## About

Press the About button to determine which version of Telephone Puzzle you're running.

## Exit

Press the Exit button to quit the program.

## Time

The Time display shows the current time as well as the time you've taken to solve the current puzzle.

## Scoreboard

The Scoreboard display keeps track of the number of puzzles you've successfully solved.

## Distribution and Payment

Telephone Puzzle may be freely copied without cost, provided it is not changed in any way. If you find the program useful, please send \$5.00 to:
