

This is very easy to run, it is done in MicroSort Word 6.0. It is information on leasing a new car, information I put together to help you as the consumer to understand what leasing is all about. Included is information on:

- Is leasing the answer for you?
- Everybody has some questions about leasing.
- Leasing
- Learn the auto leasing lingo.
- More car for less money fuels popularity of leasing.
- What's the difference between buying and leasing?
- Dealers Agree: Leasing is the way to go.

Also included is a label for your disk (Use Avery Mini labels, Laser Number 2186)

This is my first attempt at putting a file on America On line. I do have lots of information available on buying cars, if you find the information helpful on leasing, Please send \$5.00 to address below. (Hope you save lots of money on your new car Lease). Please feel free to contact me on any information you might need on buying a new or used car.

Thank You
