Installation

You must meet the following requirements to run this program:

1. DOS 5.0 or higher
2.Windows 3.1 or higher
3. The file VBRUN300.DLL <u>must</u> be in the Windows System directory*
5. A mouse

(A printer is optional)

        To install, go to the file manager and locate the SETUP.EXE file for this program on whatever drive it's on (probably the A or B drive). Double click on this file name and that will start the installation process. Just follow the instructions on the screen and that's all there is to it.

*If you don't already have this file, it can be downloaded from any online service and most BBS's.
