The WW Alarm Registration:

Registration is important to the ShareWare market. Your investment of $5 will not only HELP ME THROUGH COLLEGE, but will encourage me to produce bigger and better programs that are a benefit to all. So please, if you use this macro/program, "WW Alarm," register $5 to:

OR register On-Line CompuServe: GO SWREG, and search for ID# 2217 or Andrew Freeman.

UPON REGISTRATION, you will receive a special registration number and the correct option button to press on that registration screen that pops up when you first run the macro. This number will be sent to you via CompuServe e-mail, or by ground mail (depending on which on-line service you registered) When you receive the number and push button, enter the number where it says the number, and click ONCE on the correct push button. A dialog box will come up that says: "Thank You For Registering." The registration dialog WILL NEVER come up again. Invalid Registration Numbers will be ignored and/or warned.
