INTEROFFICE MEMORANDUM

DATE: August 26, 1991   FROM: Info. Center
PRODUCT: WordPerfect   VERSION: 5.1
RELEASE DATE: ALL
SUBJECT: Comparing Dissimilar Macros With The
Logical OR (|)

Parentheses should be used when comparing dissimilar macro statements with the OR (|) command. For example, the statement {IF}{VAR 0}>2|{VAR 0}<0~ will work, but when the expressions contain different commands such as {IF}({VAR 0}>2)|({STATE}&4)~, the expressions on either side of the OR (|) operator should be enclosed in parentheses.

*This information is given strictly as a troubleshooting option.
