<u>SUBJECT:</u>	Creating A Rotated Heading In Left Margin	

Of Pleading Style

To create a 90 degree rotated two-line heading in the left margin of the Pleading style, capture the heading from View Document (using GRAB.COM) and insert the graphic into a User box in the document. The following is a list of the codes necessary to create this effect and the places where the codes should be found:

The codes in Reveal Codes (Alt-F3) should read:

[L/R Mar:0.22",0.31"] [Usr Opt] [Usr Box:1;GRAB1.WPG;] [L/R Mar:1.25",1"] [Open Style:Pleading]

The codes in the Pleading Style (Alt-F8, highlight Pleading, press (4) Edit, press (4) Codes) should read:

[Ln Height:0.167"] [T/B Mar:0.667",0.833"] [Header B:Every page;[Ln Height:0.167"]][L/R Mar:0.5",1"...]

The codes in the Header B Edit screen (from Pleading Style Codes screen, move cursor past [Header B:Every page;...] code, press Shift-F8 (Format), (2) Page, (3) Headers, (B) Header B, (5) Edit) should read:

[Ln Height:0.167"] [L/R Mar:0.5",1"] [Tab Set:Abs; 1"] [VLine:1",1",9.17",0.007",100%]
[VLine:1.05",1",9.17",0.007",100%]

[VLine:7.6",1",9.17",0.013",100%] [HRt]

[HRt]

[RGT TAB]1[HRt]

[HRT]

[RGT TAB]2[HRt]

[HRT]

[RGT TAB]3[HRt]

[HRT]...(these codes continue for 28 numbered lines)

Please note, the third [VLine] code listed above adds an optional right margin dark line.
