WinCLI Pro - Version 1.00

WinCLI Pro is a revolutionary new command line interface for Microsoft Windows 3. WinCLI Pro surpasses the capabilities of the DOS prompt bringing real power to your desktop.

Feature list:

- Open as many WinCLI Pro windows as you need.
- Uses less than 50Kb and 2-3% of system resources. This will vary depending on the size of your virtual window and the history buffer.
- Runs in Real, Standard or Enhanced mode. Supports Intel's 8086/88™, 80286™, 80386™, 80486™.
- Friendly multitasking prevents your machine from locking up during complex tasks, such as copying long files or searching for files across large network drives.
- Command line history. User adjustable buffer, history search, home, end, etc...
- Command line editing. Insert/overwrite mode, cursor movement, delete, backspace, home, end, etc...
- Stackable commands. Execute multiple commands on one line.
- Aliases - similar to macros in DosKey™ (MS-DOS 5.0™).
- Includes over 30 file management commands: *alias, associate, attrib, cd, cls, copy, date, del, dir, exit, findfile, help, info, label, mem, mkdir, more, move, path, prompt, rename, rendir, rmdir, sysinfo, time, title, ver, verify, vol, which, etc...*
- Complete programmers' interface included allowing you to create your own commands (extended   commands). Interface and example source code available in Borland C++™ and Turbo Pascal for   Windows™.
- Over 60 library functions ranging from *WriteBuf* to *CopyFile* allows you to quickly create powerful extensions to WinCLI Pro.
- Full clipboard support. Copy and paste text to and from WinCLI Pro.
- Full shell support. No need to use Program Manager. When used as the main shell, WinCLI Pro can load and run programs when started and terminates Windows when closed.
- Complete help system. Each command displays individual help, PLUS the Windows help system   provides detailed explanations and examples on each command.
- Easily configurable using the included WC Setup utility. Adjust colors, fonts, size, prompt, title,   aliases and extended commands.
- Adjustable virtual width and height allows for a very large virtual window. Scroll back to see your previous commands.
- Includes WC FileApp, a complete File Manager replacement. Navigate through directories, edit, copy, move, delete and rename files - even copy and delete entire directories - plus many more function. Much easier and faster to use than File Manager.
- Clock and screen saver. Protects your monitor from "image burn-in" and displays the time, date,   available memory and free system resources.
- Password system protector. Lock your system while you are away.

- The package comes with an easy installation program to setup WinCLI Pro on your hard drive. No copy protection is used.
- Plus various small utilities...
